2016-17 ANNUAL REPORT
July 1, 2016– June 30, 2017

Brothers,

It is with great pleasure I share with you the Alpha Kappa Psi Foundation annual report for 2016-17. It was a remarkable year for the foundation as a record number of students were able to take advantage of scholarships and educational programs.

The foundation's accomplishments in 2016-17 are attributable to so many people and I want to take this occasion to express my gratitude once again for their efforts:

To our donors – your gifts, both past and present, make everything we do possible. Without your support, we simply could not provide the scholarships and funding for fraternity programs that are so vitally important to our students. I want you to know your continued gifts are greatly appreciated and we do not take your generosity for granted.

To the Foundation Board of Directors – thank you for your vision and your tireless efforts to push the foundation to new heights. The decisions you made in 2016-17 will have a lasting positive impact on the foundation's success for years to come.

To the Heritage Center Staff – thank you for making Alpha Kappa Psi' top-notch programs we so often write about a reality. Those programs and your efforts are truly making a difference in the lives of our future business leaders and continue to be worthy of foundation support.

But it is on behalf of all our students who benefited from the generosity of our alumni and friends that I offer my most sincere thanks. Because of your loyal support you have helped us take a step closer to fulfilling the vision of our great fraternity: Alpha Kappa Psi is recognized as the premier developer of principled business leaders.

In U-- and I--,

Alison Jennings, *Oakland '02*
